Dear All

Apart from these e-mails that are bouncing around, am not too sure whats going on and I think it's a shame that it's come to this.

Therefore, I would like to state to you all that for over a year I have had absolutely no activity either as representative or executive status, and have not made any decisions or signed any documents on behalf of the union or it's membership.

Because of my deepest respect for you all, with regards to what you have all achieved, fought for, the friendship and the support you have gave, I do not want to find myself having to speak out against any of you in front of the certification officer or any tribunal... thats something I will not do.

Because of this ongoing situation I would like to make it clear to all that I am not, and will not be taking any involvement for this union but, I would still like to show my support by continuing to be a member, unless anyone has an objection to that.

[I would like, no I insist that my name is removed from all UDW materials and for the removal of my name from the certification officer`s records.](#)

This is not me discarding any of you has friends, I do hope to speak with you all in the future, as long as it's not about union business.

Respect and regards

Dave
